

What is Panopto?

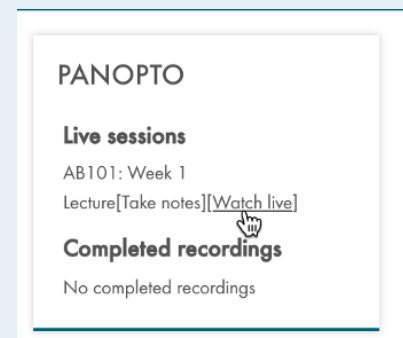

Panopto is our lecture capture system. Panopto will be used in some classes to either deliver lectures face-to-face to part of the class, while simultaneously streaming the lecture live and recording it for viewing later, or to record lectures that are not being delivered live.

What do I need to access Panopto?

You can access Panopto on any internet-enabled device. **For the best experience we recommend that you use a laptop or desktop computer and the Google Chrome browser.**

How do I access Panopto live lectures and lecture recordings?

Panopto live lectures and lecture recordings are accessed via the Panopto block in appropriate Moodle module page:

What else can I do with Panopto?

In the Panopto Viewer you can customise your view; pause and rewind recordings; search and bookmark recordings; ask questions; and take and save notes.

Where can I go for support with Panopto?

Further information is available on the Student Moodle help page.
