

Maynooth University Master of Education

Full-Time and Part-Time

Modular Timetable 2020/2021

This modular timetable runs on a two year cycle: compulsory modules, and some others, are available every year but most are available every second year.

ED 618 must be completed in the same academic year as the thesis (ED607) or capstone project (ED674).

The wide range of modules made available each year is dependent on student uptake. If too few students register for a particular module then it will be withdrawn from the choice available.
