Who are we?

- The **Centre for Teaching and Learning (CTL)** supports the development of good practice and innovation in teaching and learning.
- The **Technology Enhanced Learning (TEL)** team is a part of CTL, and we provide support and guidance to staff and students in the **innovative use of learning technologies**.
- We also provide **dedicated one to one support** for Moodle-related issues via the **Moodle Support helpdesk** (email: MoodleSupport@mu.ie)

What services do we provide?

- We offer a range of individual supports such as:
 - **How-to guides and videos** which walk you through commonly used learning technologies (*e.g., Moodle*)
 - **Tips for learning** in online and face to face learning environments on our webpages
 - **Weekly drop-in sessions** where you can chat to a member of the TEL team and ask questions (*currently online only*)
 - **Start of semester information sessions** which provide you with important information (*currently online only*)

What is Moodle?

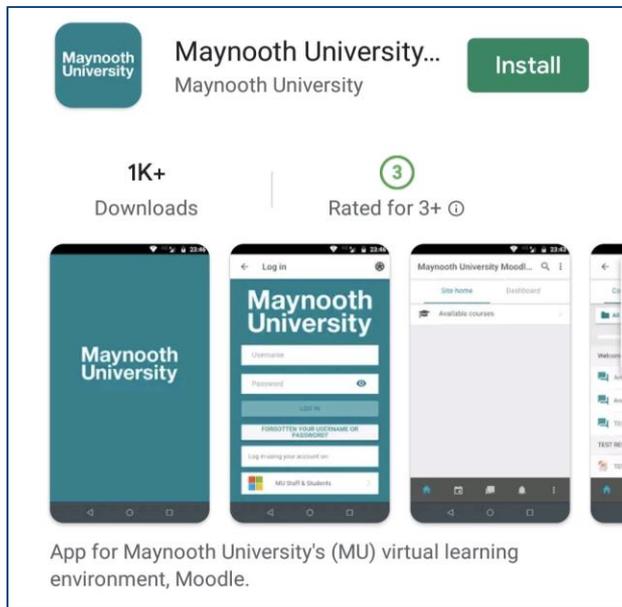

- Moodle is the **Virtual Learning Environment (VLE)** used at Maynooth University.
- It is an online space **where students and staff interact** with each other.
- You will have access to a **Moodle page for any module** that you are officially registered for.
- **Note:** *Your modules should appear between 1-3 working days after you have fully registered.*

What is Moodle?

- You will use Moodle to access course:
 - **resources** (*e.g. lecture material*)
 - **activities** (*e.g. discussion forums*)
 - **assessments** (*e.g. written assignments*)
- Moodle also has online spaces for **learning support, activities, and other projects** at the university.
- You can access Moodle 24/7 from **anywhere you have internet access**: on your PC, laptop, tablet, or mobile phone.

Where do I access Moodle?
