NEXT STEPS

What do I need to do now?

If you meet the requirements for transfer, the option will appear at registration in year 2 in August/September 2023

The School of Business will (typically) write to you to inform you that you have the option to take up a place in July 2023

There is no form to fill out if you are a MH101 student for any of these routes

Do I have to transfer?

There is no requirement to transfer

You can continue in Arts with two subjects

- Accounting
 - Available as a Double Major only
- Business (all three streams)
 - Available as Double Major, Major or Minor
- Finance
 - Available as Double Major, Major or Minor

What if I did not get the grade I need in a module or subject?

You can repeat module(s) to get a Pass or more in the August repeats

There is no quota on places so you will still be able to transfer

Benefits of Transfer

- Specialist degree
- Can still access university electives in year 2
- Opportunity for a one-year paid work placement in year 3 (MH401, MH403, MH404, MH407, MH502)
- Integrated paid work placement in MH402
- Placement also available on MH101 but BOTH subjects must be in the School of Business
- Opportunity to go abroad in year 3 to a partner university

We look forward to seeing you in the School of Business!
