

Community and Residential Feedback Form

Maynooth University values our relationship with the town and residents of Maynooth and the surrounding area. The University works closely with the community and the Gardaí to foster positive community relations.

The University expects students of the University to behave in a manner which demonstrates respect for the people and town of Maynooth. We communicate this message to all students on a regular basis. It is the responsibility of each landlord to enforce the tenant obligation not to engage in anti-social behaviour. However, where individual students who are causing nuisance or disturbance are identified, the University's disciplinary procedures are invoked. In this regard, you can assist the University by providing as much information on this form as possible.

Please return this form by email to security@nuim.ie or by post to Head of Security, Maynooth University, Maynooth, Co. Kildare.
