

## **MH415 - BSc Economics (Integrated with MSc Economics)**

### **FAQ:**

#### **15- *Why choose the Department of Economics at Maynooth University?***

The programme is delivered by economists who are experts in their fields with international reputation for excellence in research (in the top 8% of research institutions worldwide). Members of the department contribute to Irish policy making using their expertise in a variety of areas such as pensions, minimum wage regulation... It makes a difference to learn economics from top-class economists who are the generators of knowledge; to have the opportunity to read their research papers and discuss the papers in class with them and to talk about real-world applications. Furthermore, the Department has the proud reputation of being warm, generous, and friendly to students. The faculty members are devoted to investing in the next generation of Irish economists.
