

Thursday 24th November 4pm – Maynooth University Psychology Department

Dr. Gráinne Hickey (Maynooth Psychology)

Preventing social, emotional and behavioural difficulties in childhood through community-based interventions and research.

Gráinne Hickey is Research Programme Manager for the ENRICH programme led by Prof. Sinead McGilloway. She studied for her BA degree in Psychology at Trinity College Dublin and completed a PhD in 2009, also at TCD. In 2009 she moved to Maynooth to join the Mental Health and Social Research Unit as a postdoctoral researcher. In 2013 the group won a 5-year HRB grant to evaluate

wraparound interventions for vulnerable children and families in Ireland – ENRICH. Gráinne will tell us about this community-based work.
