

# MONDAY 21 OCTOBER 09AM-06PM

<b>01 Maynooth's Eye on the Universe – 15 Years of Observations from the Observatoire de Haute Provence:</b> This exhibition by the Department of Experimental Physics is a presentation of astronomical images and spectra taken by fourth year Physics with Astrophysics students in the years since this degree began. Each year students travel to the Observatoire de Haute-Provence to take observations with the 0.8 m, 1.2 m and 1.5 m telescopes. These observations form the basis of their final year thesis projects. The department has selected the observations presented in the exhibition as a demonstration of the breadth of the work done over the years by the students.	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> Library Foyer
<b>02 Exhibition: Inside Cantus Vespertilio – an interactive exhibit that allows visitors to explore and observe the hidden music of bat echolocation:</b> This interactive exhibit allows visitors to explore and observe the hidden music of bat echolocation, which they use to navigate. The project explores the intersection between recording technology, taxonomic analysis and electroacoustic composition, drawing on recordings made of bats in the vicinity of Maynooth's South Campus during the summer of 2019.	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> John Paul II Library, Foyer
<b>03 Virtual Chapel - an interactive recreation of the acoustics of St Patrick's College Chapel:</b> This project explores a technique for creating a complex virtual recreation of the acoustic environment of the College Chapel within which a user can move, turn and experience the changing reverberant characteristics. An interactive exhibit will be installed in the library foyer with which visitors can experience the finished software. <i>Open to all.</i>	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> John Paul II Library, Foyer
<b>04 Dr Mindflip's Ultimate Learning Experience:</b> Dr Mindflip's Ultimate Learning Experience is an SFI funded interactive, immersive physics outreach experience in a custom designed vintage caravan. Participants are immediately immersed in a 'choose your own adventure' game where they follow the story of a mad scientist, Dr Mindflip. <i>Open to all.</i>	<b>Time</b> <b>10:30am – 4pm</b> <b>Location</b> Outside the Arts Block, North Campus
<b>05 Equality, Diversity and Inclusion in Research at Maynooth University:</b> This session will be of interest to anyone who is a researcher or involved in research and wants to know how equality, diversity and inclusion is relevant to them. Gender equality in particular is a key focus of funding agencies including Science Foundation Ireland and consideration of the sex/gender dimension in research content is a requirement for certain funding agencies including EU Horizon2020 and the Irish Research Council. Open to Academics/researchers and Professional, Technical staff involved in Research. Please RSVP to <a href="mailto:equality@mu.ie">equality@mu.ie</a>	<b>Time</b> <b>12pm – 1pm</b> <b>Location</b> Eolas Boardroom 1
<b>06 Nurturing Child Wellbeing in Schools – Contemporary Perspectives &amp; Practical Strategies:</b> Children's wellbeing is intimately connected to their capacity to learn, achieve and become confident, active citizens. This event features ongoing and innovative research that explores critical and creative ways of nurturing wellbeing and enabling children to flourish in school communities. It also includes examples of school-based practice, student perspectives, along with an input on DES Wellbeing Policy Framework. The event will be of interest to researchers, undergraduate and postgraduate students, teachers, parents, school leaders, guidance counsellors, and anyone with children of school-going age and/or with an interest in child wellbeing at school. Please register at <a href="http://www.maynoothuniversity.ie/research-week">www.maynoothuniversity.ie/research-week</a>	<b>Time</b> <b>2pm – 5pm</b> <b>Location</b> Room SE014, School of Education Building
<b>07 Planet Hunters: How Maynooth University Astronomers are Searching for New Worlds:</b> This talk will explore the field of exoplanets – planets outside our own solar system. As of this month over 4000 exoplanets or new worlds have been discovered. The techniques astronomers use for finding new planets will be discussed along with the research currently being done at Maynooth University. Please register at <a href="http://www.maynoothuniversity.ie/research-week">www.maynoothuniversity.ie/research-week</a>	<b>Time</b> <b>7.30pm</b> <b>Location</b> Iontas Lecture Theatre

# TUESDAY 22 OCTOBER 09AM-06PM

<b>08 Maynooth's Eye on the Universe – 15 Years of Observations from the Observatoire de Haute Provence:</b> This exhibition by the Department of Experimental Physics is a presentation of astronomical images and spectra taken by fourth year Physics with Astrophysics students in the years since this degree began. Each year students travel to the Observatoire de Haute-Provence to take observations with the 0.8 m, 1.2 m and 1.5 m telescopes. These observations form the basis of their final year thesis projects. The department has selected the observations presented in the exhibition as a demonstration of the breadth of the work done over the years by the students.	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> Library Foyer
<b>09 Exhibition: Inside Cantus Vespertilio – an interactive exhibit that allows visitors to explore and observe the hidden music of bat echolocation:</b> This interactive exhibit allows visitors to explore and observe the hidden music of bat echolocation, which they use to navigate. The project explores the intersection between recording technology, taxonomic analysis and electroacoustic composition, drawing on recordings made of bats in the vicinity of Maynooth's South Campus during the summer of 2019.	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> John Paul II Library, Foyer
<b>10 Virtual Chapel - an interactive recreation of the acoustics of St Patrick's College Chapel:</b> This project explores a technique for creating a complex virtual recreation of the acoustic environment of the College Chapel within which a user can move, turn and experience the changing reverberant characteristics. An interactive exhibit will be installed in the library foyer with which visitors can experience the finished software. <i>Open to all.</i>	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> John Paul II Library, Foyer
<b>11 RTÉ Brainstorm workshops with Jim Carroll:</b> How to write for RTÉ Brainstorm - presentation on the best way to get your articles published – ideas and writing style by editor Jim Carroll. Pitch your Idea: One-on-one 10 minute slot with editor Jim Carroll. Open to Academics and Researchers who are looking to understand how to get their research into RTÉ Brainstorm and to raise media profile. Email: <a href="mailto:communications@mu.ie">communications@mu.ie</a> There are a limited number of places in both the workshop and the presentation, allocated on a first come basis.	<b>Time</b> Presentation: Room 2.31 at <b>9.30am – 10.15am</b> Pitch Sessions: Room 2.25 at <b>11am – 1pm</b> and <b>2pm – 4pm</b> <b>Location</b> Iontas
<b>12 Library exhibitions – MURAL (Maynooth University Research Archive Library) and Library VR/Makerspace Stand:</b> All you need to know! MU's institutional repository offers a drop-in clinic. Also: an information desk on Makerspace and VR.	<b>Time</b> <b>10.30am – 1pm</b> <b>Location</b> Library, Foyer

<b>13 Dr Mindflip's Ultimate Learning Experience:</b> Dr Mindflip's Ultimate Learning Experience is an SFI funded interactive, immersive physics outreach experience in a custom designed vintage caravan. Participants are immediately immersed in a 'choose your own adventure' game where they follow the story of a mad scientist, Dr Mindflip. <i>Open to all.</i>	<b>Time</b> <b>10.30am – 4pm</b> <b>Location</b> Outside the Arts Block, North Campus
<b>14 The voices of 1968 around the world:</b> The radical movements of the “long 1968” shook the postwar order from Prague to Paris, Derry to Mexico City, Rome to San Francisco. “Voices of 1968” (Pluto) lets those movements speak in their own words – posters, flyers, graffiti, manifestos, songs, underground texts and more. Dr Laurence Cox from the MU Department of Sociology presents a reading on this subject/from this book.	<b>Time</b> <b>12pm – 1pm</b> <b>Location</b> Seminar Room 2.31 Iontas
<b>15 Research and Open Publishing Day:</b> <b>12.15pm</b> – Opening talk: Cathal McCauley, University Librarian. <b>12.30pm</b> – Ellen Breen, Associate Director, Research & Teaching, O'Reilly Library, DCU 'DCU Press: Setting up an Open Access University Press.' <b>1.05pm</b> – Martin Ryan, 'Design Innovation - Innovating one of the world's most traditional industries through Design Thinking.' <b>1.25pm</b> – Trevor Vaugh, 'Design Innovation – Design thinking and the Higher Education system – Introduction to MiLab.' <b>2pm</b> – Dr Ian Speller 'Open Journal Project: Journal of Military History and Defence Studies.' <b>2.35pm</b> – Dr Iain McCurdy 'Cantus Vespertilio – electroacoustic composition sung by the ultrasonic echolocation of Maynooth's bats.' <b>3.10pm</b> – Brandt Dainow 'The Open Journal System – what it is and what you need to know to run your own journal.' <b>3.45pm</b> – Dr Gloria Kirwan 'The secret world of journal article reviewing – tips and strategies for publication success.' <b>4.20pm</b> – Prof Peter Coles 'The Open Journal of Astrophysics – an open journal on the Scholastica platform.' <b>4.55pm</b> – Ciarán Quinn, Research Support Librarian, MU Library 'Choosing where to publish: Open Access vs Traditional Models of publishing.'	<b>Time</b> <b>12.15pm – 5.30pm</b> - Tea/Coffee: 1.45pm <b>Location</b> Training Room A&B
<b>16 IGNITE Maynooth University:</b> A fast-moving, fun event where our postdoctoral researchers will make a series of 5-minute presentations about captivating aspects of their research. <i>Open to all.</i>	<b>Time</b> <b>2.30pm – 4.30pm</b> <b>Location</b> Hamilton Seminar Room
<b>17 Talk Encountering Maynooth's Bats – a talk discussing the technology and results of a sonic survey of Maynooth University's bat population:</b> This project explores the intersection between recording technology, taxonomic analysis and electroacoustic composition, drawing on recordings made of bats in the vicinity of Maynooth's South Campus during the summer of 2019. Research week will feature an interactive exhibit and a talk and an abridged version of the composition will be performed in the University in November. <i>Open to all.</i>	<b>Time</b> <b>2.35pm – 3.10pm</b> <b>Location</b> John Paul II Library, Training Room A/B Exhibit in John Paul II Library at <b>9am – 6pm</b>
<b>18 Book launch – Prof. Claire Hamilton, Dr Edana Richardson, Dr Lynsey Black and Alice Harrison BL (Maynooth University Department of Law):</b> The speakers will include four members of the Maynooth University Department of Law – Dr Edana Richardson, Alice Harrison BL, Dr Lynsey Black and Prof. Claire Hamilton – all of whom have published new books in 2019, and who will discuss the implications of their recent publications for law, legal education and criminal justice. <i>Open to all.</i> RSVP please email Vanessa Gallagher on <a href="mailto:law@mu.ie">law@mu.ie</a>	<b>Time</b> <b>5pm – 8pm</b> <b>Location</b> RDS (Merrion Room) in Dublin

# WEDNESDAY 23 OCTOBER 09AM-06PM

<b>19 Maynooth's Eye on the Universe – 15 Years of Observations from the Observatoire de Haute Provence:</b> This exhibition by the Department of Experimental Physics is a presentation of astronomical images and spectra taken by fourth year Physics with Astrophysics students in the years since this degree began. Each year students travel to the Observatoire de Haute-Provence to take observations with the 0.8 m, 1.2 m and 1.5 m telescopes. These observations form the basis of their final year thesis projects. The department has selected the observations presented in the exhibition as a demonstration of the breadth of the work done over the years by the students.	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> Library Foyer
<b>20 Research 'n' Coffee:</b> Have you thought about a career in research? Come meet some of our researchers and the research office team in an informal setting. Ask all your research career questions while enjoying a coffee and biscuit or three! <i>Open to all undergraduate students.</i>	<b>Time</b> <b>10.30am – 11.30am</b> <b>Location</b> MSU 'Your Space'
<b>21 Dr Mindflip's Ultimate Learning Experience:</b> Dr Mindflip's Ultimate Learning Experience is an SFI funded interactive, immersive physics outreach experience in a custom designed vintage caravan. Participants are immediately immersed in a 'choose your own adventure' game where they follow the story of a mad scientist, Dr Mindflip. <i>Open to all.</i>	<b>Time</b> <b>10.30am – 4pm</b> <b>Location</b> Outside the Arts Block, North Campus
<b>22 Twenty Years of Spanish at Maynooth University:</b> To celebrate 20 years of Spanish at MU, we welcome keynote speakers Ambassador of Mexico to Ireland Miguel Malfavón and Professor Alison Ribeiro de Menezes, University of Warwick. These talks will be followed by a roundtable on current research in Spanish and Latin American Studies and a reception.	<b>Time</b> <b>11am – 2pm</b> <b>Location</b> Room 1.33, Arts and Humanities Institute
<b>23 3MT® – '3 Minute Thesis' Competition:</b> 3MT is an engaging, fast-moving format called the '3 minute thesis' – an academic competition in which Maynooth University PhD and Masters, MA, MLitt and MSC students explain their research in just 3 minutes. <i>Open to all.</i>	<b>Time</b> <b>11.30am – 12.45pm</b> <b>Location</b> Library Rooms A&B
<b>24 Design Innovation Research Talks:</b> Learning from the Locals: how can co-design support malaria education in a post-colonial environment? A public talk by Dr Iain MacDonald, MU Dept of Design Innovation. <i>Open to all.</i>	<b>Time</b> <b>1pm – 1.25pm</b> <b>Location</b> Library Training Room A&B
<b>25 Design Innovation Research Talks:</b> Developing Strategy using Design Thinking, public talk by Dr Frank Devitt, MU Dept of Design Innovation. <i>Open to all.</i>	<b>Time</b> <b>1.45pm – 2.10pm</b> <b>Location</b> Library Training Room A&B

<b>26 Undergraduate Research Poster Symposium:</b> This event celebrates the diversity of undergraduate research activity across the campus and presents a forum for the Summer Programme for Undergraduate Research (SPUR) students from all faculties to showcase their research with peers and the wider University community. <i>Open to all.</i>	<b>Time</b> <b>2pm – 4pm</b> <b>Location</b> Library Foyer
<b>27 The Social Research Ethics Committee Challenge:</b> A conversation about research ethics, led by Dr Aileen O'Carroll. Watch the MU Social Research Ethics Subcommittee as they review sample applications followed by a Question & Answer session. Postgraduates and staff engaged in social research.	<b>Time</b> <b>4pm – 5pm</b> <b>Location</b> Eolas Boardroom 1
<b>28 Autographs and the Extramusical – The Manuscripts of William Boyce:</b> Dr Estelle Murphy from the MU Department of Music presents an exploration of what can be learned from the extramusical features of the autograph ode manuscripts of William Boyce (1711 – 1779), with a focus on marginalia, musical development, and performance practice at the late Baroque English court. <i>Open to all.</i>	<b>Time</b> <b>4pm – 5pm</b> <b>Location</b> Beverungr Room, Department of Music, Logic House, South Campus
<b>29 Recent Research on International Development Policy and Practice:</b> This seminar will explore contemporary postgraduate and staff research on international development policy and practice, including research on climate action, development education and development co-operation. Former students of the MA in International Development programme at Maynooth, along with Departmental staff, will introduce their research. Participants will be invited to critically reflect on questions arising from the research for international development practice today. <i>Open to all.</i>	<b>Time</b> <b>4pm – 5.30pm</b> <b>Location</b> Education Seminar Room in Education House
<b>30 Keynote by Dr Paul Ryan (MU Department of Sociology) – 'From Instagram to OnlyFans: The Creation of Digital Intimacy in the Lives of Migrant Male Sex Workers':</b> The MU SexGen network on research on gender and sexualities presents this keynote and discussion addressing digital intimacy, intersectionality, sex work, and migration. <i>Open to all.</i>	<b>Time</b> <b>4pm – 6pm</b> <b>Location</b> MUSSI Seminar Room, Iontas building
<b>31 Dean's Lecture 2019 – Ece Temelkuran, "The Joy of Dignity against the Evil of Banality":</b> Turkish journalist, author and political commentator Ece Temelkuran is welcomed to Maynooth University to discuss the philosophical clash between the fundamental values of humankind and the politically imposed malice of our times. How do we gather the progressive forces of the planet against a globally unleashed banality to build a new concept of human dignity? <i>Open to all.</i>	<b>Time</b> <b>6pm</b> Followed by reception <b>Location</b> JHL 2

# THURSDAY 24 OCTOBER 09AM-06PM

<b>32 Virtual Chapel - an interactive recreation of the acoustics of St Patrick's College Chapel:</b> This project explores a technique for creating a complex virtual recreation of the acoustic environment of the College Chapel within which a user can move, turn and experience the changing reverberant characteristics. An interactive exhibit will be installed in the library foyer with which visitors can experience the finished software. <i>Open to all.</i>	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> John Paul II Library, Foyer
<b>33 Exhibition: Inside Cantus Vespertilio – an interactive exhibit that allows visitors to explore and observe the hidden music of bat echolocation:</b> This interactive exhibit allows visitors to explore and observe the hidden music of bat echolocation, which they use to navigate. The project explores the intersection between recording technology, taxonomic analysis and electroacoustic composition, drawing on recordings made of bats in the vicinity of Maynooth's South Campus during the summer of 2019.	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> John Paul II Library, Foyer
<b>34 Maynooth's Eye on the Universe – 15 Years of Observations from the Observatoire de Haute Provence:</b> This exhibition by the Department of Experimental Physics is a presentation of astronomical images and spectra taken by fourth year Physics with Astrophysics students in the years since this degree began. Each year students travel to the Observatoire de Haute-Provence to take observations with the 0.8 m, 1.2 m and 1.5 m telescopes. These observations form the basis of their final year thesis projects. The department has selected the observations presented in the exhibition as a demonstration of the breadth of the work done over the years by the students.	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> Library Foyer
<b>35 Shaping health and wellbeing for 2025 (Maynooth University School of Business):</b> Do you want to get involved in shaping the new healthcare system? This interactive workshop is for anyone who wants to discuss and provide ideas: school and university students, parents, senior citizens, academics, etc. It is connected to the ongoing research on patient empowerment/engagement in MU and will allow participants to explore and discuss the present and future of health and wellbeing to identify challenges and benefits. The workshop is built around an interactive game, where all participants can propose their vision of a health and wellbeing environment for 2025 that is feasible and provides benefits to all citizens. To join the workshop, please register by <b>email: <a href="mailto:business@mu.ie">business@mu.ie</a></b> before Friday 18th of October. <i>Places are limited, registration is required to attend.</i>	<b>Time</b> <b>10am – 1pm</b> <b>Location</b> Drama Room, School of Education, North Campus
<b>36 Library exhibitions – MURAL (Maynooth University Research Archive Library) and Library VR/Makerspace Stand:</b> MU's institutional repository drop-in clinic, information desk on Makerspace and VR in the Library.	<b>Time</b> <b>10.30am – 1pm</b> <b>Location</b> Library Foyer
<b>37 Dr Mindflip's Ultimate Learning Experience:</b> Dr Mindflip's Ultimate Learning Experience is an SFI funded interactive, immersive physics outreach experience in a custom designed vintage caravan. Participants are immediately immersed in a 'choose your own adventure' game where they follow the story of a mad scientist, Dr Mindflip. <i>Open to all.</i>	<b>Time</b> <b>10.30am – 4pm</b> <b>Location</b> Outside the Arts Block, North Campus

<b>38 Design Innovation Research Talks:</b> The Role of Design Thinking in Public Patient Involvement a public talk by Dr Mary Galvin, MU Department of Design Innovation.	<b>Time</b> <b>1.05pm – 1.30pm</b> <b>Location</b> Library Training Room A&B
<b>39 Governments and organizational networks – Re-organizing relationships in the eHealth market:</b> In this MU School of Business Research Seminar, Dr Nicola Mountford will discuss how organisational relationships must change if we want to realise technology's potential to deliver more sustainable healthcare systems. To RSVP, please email <a href="mailto:business@mu.ie">business@mu.ie</a>	<b>Time</b> <b>2pm – 3pm</b> <b>Location</b> Arts Annex Lecture Theatre (ArtsALT)
<b>40 Sociology Illuminates ...Lives and Relationships:</b> Irish lives have changed dramatically in recent decades. A series of short presentations by Department of Sociology researchers explains how everyday lives and relationships are being transformed – and what to expect in the future. <i>Open to all.</i> Registration welcome but not essential. Please RSVP to <a href="http://maynoothuniversity.ie/research-week">maynoothuniversity.ie/research-week</a>	<b>Time</b> <b>2pm – 4pm</b> <b>Location</b> Eolas Boardroom 1
<b>41 Inaugural Prof Lecture – Prof Maria Pramaggiore:</b> Princess President? Gender, Power and the Meme-ing of Ivanka Trump.	<b>Time</b> <b>6pm</b> <b>Location</b> Iontas Lecture Theatre

# FRIDAY 25 OCTOBER 09AM-06PM

<b>42 Virtual Chapel - an interactive recreation of the acoustics of St Patrick's College Chapel:</b> This project explores a technique for creating a complex virtual recreation of the acoustic environment of the College Chapel within which a user can move, turn and experience the changing reverberant characteristics. An interactive exhibit will be installed in the library foyer with which visitors can experience the finished software. <i>Open to all.</i>	<b>Time</b> <b>9pm – 6pm</b> <b>Location</b> John Paul II Library, Foyer
<b>43 Maynooth's Eye on the Universe – 15 Years of Observations from the Observatoire de Haute Provence:</b> This exhibition by the Department of Experimental Physics is a presentation of astronomical images and spectra taken by fourth year Physics with Astrophysics students in the years since this degree began. Each year students travel to the Observatoire de Haute-Provence to take observations with the 0.8 m, 1.2 m and 1.5 m telescopes. These observations form the basis of their final year thesis projects. The department has selected the observations presented in the exhibition as a demonstration of the breadth of the work done over the years by the students.	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> Library Foyer
<b>44 Exhibition: Inside Cantus Vespertilio – an interactive exhibit that allows visitors to explore and observe the hidden music of bat echolocation:</b> This interactive exhibit allows visitors to explore and observe the hidden music of bat echolocation, which they use to navigate. The project explores the intersection between recording technology, taxonomic analysis and electroacoustic composition, drawing on recordings made of bats in the vicinity of Maynooth's South Campus during the summer of 2019.	<b>Time</b> <b>9am – 6pm</b> <b>Location</b> John Paul II Library, Foyer
<b>45 Launch of Kathleen Lonsdale Institute for Human Health Research:</b> The official launch of Maynooth University's newest research institute, the Kathleen Lonsdale Institute for Human Health Research. Please RSVP to <a href="mailto:nezira.delagic@mu.ie">nezira.delagic@mu.ie</a>	<b>Time</b> <b>10.30am</b> <b>Location</b> Foyer Biosciences Building
<b>46 Stepping into 'Horizon Europe':</b> The European Commission's proposal for Horizon Europe is an ambitious €100 billion research and innovation programme to succeed Horizon 2020. Stephen Carley (Innovation, Research and Development, Department of Business, Enterprise and Innovation) shall outline the structure of the new research and innovation funding programme, highlighting the incorporation of mission-orientated research in the new programme and the numerous funding opportunities available to all areas of research. A light lunch will be provided for this event. Registration is not required but welcome to <a href="http://maynoothuniversity.ie/research-week">maynoothuniversity.ie/research-week</a>	<b>Time</b> <b>12.30pm – 1.30pm</b> <b>Location</b> John Hume Boardroom
<b>47 Maynooth Social Science, from Foundations to Frontiers #MaynoothsSocial:</b> This event showcases the social science research at Maynooth from its inception to its current and future frontiers. <i>Open to all.</i>	<b>Time</b> <b>2pm – 4pm</b> <b>Location</b> Renehan Hall
<b>48 Maynooth/NCI Doctoral Programme Launch:</b> Presidential Signing of new agreement for Maynooth and NCI to collaborate on PhD provision.	<b>Time</b> <b>2pm – 2.20pm</b> <b>Location</b> Foyer Biosciences Building
<b>49 Closing reception and Prize giving:</b> Student/postdoctorate awards and prize giving Awards reception for IRC recipients; postgraduate/postdoctorate; SPUR; Thesis in 3; IGNITE. <i>Open to all. Reception to follow.</i>	<b>Time</b> <b>2pm – 3.30pm</b> <b>Location</b> Foyer Biosciences Building
<b>50 Book launch of Pushing Boundaries, Expanding Vistas – Celebrating the Work of John Coolahan:</b> (Eds. Thomas Walsh and Rose Dolan), followed by light refreshments.	<b>Time</b> <b>4pm – 5pm</b> <b>Location</b> Renehan Hall
