

Name: Kornelija Bartkeviciute BBA Business and Management

Placement Partner Organisation:
State Street International (Ireland)

Job Description:

Financial Reporting Intern; Preparation of quarterly and annual financial statements of IFRS, LuxGAAP and USGAAP funds, review of work, processing of Client comments, rolling forward of accounts, training.

What I Did:

Start Date: 14/08/2017 **End date:** 24/08/2018

Being part of the Financial Reporting department at State Street I prepared financial statements for quarterly and annual accounts for our Clients. After reviewing the work, the accounts were sent out to various parties for their review. Comments were received back on these accounts, which I then had to process. I also rolled forward accounts into the new financial period. Completed training regularly online and in-class. Attended Town Halls and other various events throughout the year organised by the company.

Learning Outcomes:

- Learned how to efficiently work within a team to produce work of high standard and meet deadlines.
- Greatly improved skills like communication, computer, organisational and time management.
- Was able to experience an office working environment and being part of an international organisation.
- Able to better understand the theory learned in university as I was putting into practice everyday. I now will be able to apply new knowledge gained throughout the year in my final year modules at university.
