Plagiarism: Definition

Plagiarism involves an attempt to use an element of another person’s work, without appropriate acknowledgement in order to gain academic credit. It may include the unacknowledged verbatim reproduction of material, unsanctioned collusion, but is not limited to these matters; it may also include the unacknowledged adoption of an argumentative structure, or the unacknowledged use of a source or of research materials, including computer code or elements of mathematical formulae in an inappropriate manner.

1. Procedures

1.1 Where a marker believes that a case of plagiarism has been identified, the matter shall be referred to the Head of Department with a written report outlining the reasons for suspecting that the work has been plagiarised.

1.2 The Head of Department shall then make an initial finding as to whether or not plagiarism has occurred, taking account of factors including, but not confined to, the extent of the plagiarism, indications of intent to deceive, the student’s prior history in this regard, practice within the discipline, and the level at which the student has submitted the work. The Head of Department will not take account of extenuating medical or personal circumstances in making a decision.

1.3 If the Head of Department is the marker who suspects plagiarism has occurred, he or she shall delegate responsibility to a nominee in that department to follow the procedures laid down in this policy.

1.4 Where the Head of Department determines that plagiarism has not occurred but there are indications of incorrect citation, the work shall be awarded a grade that takes account of the failure to cite sources correctly, within the overall context of the work as a whole.

1.5 Where it is considered right to do so, the Head of Department shall confirm the determination that plagiarism has occurred by making a record of the decision setting out the reasons. At this point, the Head of Department shall consult the Registrar’s Office, informing the Registrar of the finding, and requesting any information on previous findings in relation to the student. Should prior findings exist, the procedures in 1.11 and 1.12 shall apply.

1.6 Where the Head of Department determines that plagiarism has occurred, a meeting with the student shall be convened to inform the student of the finding.

1.7 The student shall be advised of the determination by the Head of Department and of the consequences that may unfold and that a response should be received.
by the Head of Department from the student within ten working days from the date the determination was confirmed.

1.8 The student shall be advised that failure or refusal to respond within the designated period of time, or failure or refusal to attend for any meeting requested by the Head of Department, will result in the matter being referred to the Academic Discipline Board in like manner as if the student had chosen not to accept the findings of the report.

1.9 Where the student chooses not to accept the findings of the report, the matter shall be referred to the Academic Discipline Board together with all relevant documentation and reports.

1.10 Where the student accepts the findings of the report, the student shall be asked to sign the report. The Head of Department shall then countersign the report. The Head of Department will then give the work a mark of 0. The student will be allowed to redo the assignment before a designated deadline prior to the next Examination Board meeting, if it is practical to do so. The mark for the resubmitted work will be capped at 40%. A record shall be kept in the Department of the incident, and this shall be forwarded to the Registrar’s Office.

1.11 In the case of a second finding of plagiarism in relation to a student, the matter is automatically referred to the Academic Discipline Board, who shall notify the student that the matter has been brought to its attention.

1.12 A “second finding” in this regard may refer to findings made in the current academic year or in previous academic years, and it may refer to findings made by more than one Department.
