**(PhD) Research working title: Temporary artistic interventions in Dublin: A case-study approach**

**Supervisor(s): Prof. Mark Boyle and Dr. Karen Till**

**Research interests (please include a paragraph summarizing your PhD project:**

**I am interested in temporary or meanwhile urban spaces, in particularly artistic urban spaces. I want to look at how these spaces have developed through the context of neoliberal Dublin from the period of 2013-2016. My research will contribute to broader discussions about neoliberal urban space in Dublin. This work will build on my research from my MA thesis in Society and Space, which was based on Granby Park, a temporary pop up park in Dublin City Centre in the summer of 2013.**

**Publications:**

**Conference/Workshop Presentations**

**Funding: John Hume Scholarship**
