

Certificate in **IRISH CULTURAL HERITAGE** Semester 1

This 20 credit honours certificate (NFQ Level 8) on Irish Cultural Heritage is available to students visiting Maynooth University for a single semester and for the full academic year. This programme offers an inter-disciplinary evaluation of early Irish cultural history with particular emphasis on archaeological, literary, historical and linguistic evidence. Field experiences are a core component of this study and this will include on-site investigation of key monuments such as the UNESCO World Heritage sites of Newgrange and Knowth, the Hill of Tara and other significant sites.

We specialise in early Ireland, from the arrival of the first people 10,000 years ago, up to the late medieval period. It offers inter-disciplinary teaching including archaeology, history, aspects of early literature, folklore and landscape studies. Modules, which are all taught through English, are delivered by academic experts in these areas while there is an exciting programme of Field Seminars (see over) that bring students to some of the most iconic archaeological and historical sites including the Boyne Valley, Glendalough and the Hill of Tara. Another aspect of the learning process is independent study involving visits to other Heritage sites and Cultural institutions like the National Museum of Ireland.

There are no prerequisites and no exams: all assessment is through written assignments. The Certificate is open to all international students (and those currently not studying at MU) but individual modules can be taken by those who would like a taste of Irish culture.

Course Modules

Core Modules

ID001

Introducing Irish Cultural Heritage

ID014

The Cultural Heritage of Early Irish Society
