Semester 1 Arrangements

- There are 5 taught modules in semester 1
- Each module is delivered in one day a week of assigned activity (lectures, practicals, etc.)
- The modules start on week 2 of the semester, giving time for registration and orientation in
- Work Placement interviews take place in Semester 1

Semester 2 Arrangements

- There are 5 taught modules in semester 2
- The first module in semester 2 is delivered for 5 full days in the first week, and for 1 day a week over the subsequent 5 weeks
- Each other module is delivered in one day a week, starting in week 2

Notes:

- Additional times are scheduled during both semesters for Industrial Placement preparation
- Study weeks and vacation time are not shown. Refer to the University Timetable for details
- There are examinations at the end of each semester
