Dear Student,

I would like to welcome you to Maynooth University and congratulate you on your choice to study with us. We are excited to have you join the Maynooth community and we look forward to welcoming you to campus as you begin your Maynooth journey.

Maynooth University has been Ireland’s fastest growing university for the last decade and our reputation has been built on quality teaching and research. We also pride ourselves on fostering a community of approachable and supportive staff and we aim to make your student experience at Maynooth a truly outstanding experience.

This guide to your New Student Orientation Programme is to help you get started. It provides practical information about what to do before you start, about our Orientation Programme and Welcome Week and other details to help you settle into university life.

There is a lot to learn and much to be discovered on your Maynooth journey and we hope that this guide and your Welcome Week will be a good starting place for that endeavour.

What happens next?
Changing your Subjects

During your first four weeks you have the opportunity to change your subjects and you may attend lectures in any subject to facilitate your final selection.

It is important to make up your mind reasonably soon due to in-class assignments and continuous assessment as well as end of semester examinations in January as it can be difficult to make up for lost time. Students wishing to change subjects can do so on-line. Details on how to do this can be found on the Student Records & Registration Office webpages: www.maynoothuniversity.ie/records.

The deadline for 1st Year change of subject is Friday, 18th October 2019. Please refer to the University’s course finder (www.maynoothuniversity.ie/courses) for details of the subjects available on your programme and individual requirements for taking a particular subject.

Presentations by Academic Departments:

To help you make your subject choices there are Subject Information Talks on Thursday, 12th and Friday, 13th September. Details of the schedule for the Arts / Social Science talks are on pages 6 to 9 and on page 10 for the Science talks. Check the map of the campus on page 46 or our website for a full list of classroom locations on campus: www.maynoothuniversity.ie/campus-life/campus-map

Tips for choosing your Subjects

The Subject Information Talks will help you to select the subjects you wish to study. Please see page 11 for some of our tips in choosing your subjects. If you find that you have not been able to attend a talk on a particular subject then the staff of that department will be only too happy to talk to you about their subject. Department contact details can be found on pages 13-15.

MH101 students wishing to study law are asked to attend the Department of Law Induction programme which is taking place on campus from 10am - 1 pm on Friday, 20th September 2019. Please consult with the Department of Law for further details.

Join us at one of the “Choosing your Subjects” sessions on Thursday, 12th or Friday, 13th September to learn more about your programme choices, including the subjects you can combine for your degree, and other exciting opportunities available to you to shape your academic journey during your time at Maynooth University. (See Page 12 for Programme Advisory Office contact details)

The deadline for 1st Year change of subject is Friday, 18th October 2019. Please refer to the University’s course finder (www.maynoothuniversity.ie/courses) for details of the subjects available on your programme and individual requirements for taking a particular subject.

Top Tips for Choosing your Subjects

Before coming to Maynooth

– Once you have accepted your CAO offer to come to Maynooth, review and research your course choice including course content on course finder: https://www.maynoothuniversity.ie/study-maynooth/undergraduate-studies/courses
– Consult Department Websites as a way to get a feel for a potential subject.
– Reflect on what interests you. Ask yourself questions such as: Why did I choose this subject in the first place? Is it selected by me or by someone else? What are my strengths? Does the subject interest me? What kind of occupation could I pursue with this subject? Could I see myself doing this for years to come?

Subject Information Talks & During Welcome Week

– Go to as many subject information talks as you can to optimise your choices.
– Talk to various departments and staff to enquire about subjects that interest you.
– Seek out students who are currently studying the same programme or who have graduated from the same programme. Meet and ask them questions about their coursework, career hopes, and experiences.
– Talk to the Programme Advisory Office about your programme choices and subject options.
– Talk to the Career Development Centre about your subject choices and potential career implications.

Change of Mind

– You can change your subject choices up until Friday, 18th October 2019 (free of charge) BUT remember to use this 4 week window wisely.
– Get the timetable of the subjects/modules that you are interested in (www.maynoothuniversity.ie/exams/academic-examination-timetable).
– If you still have queries in relation to the subjects or are still unsure as to your final choices, consult with the relevant department(s) and the Programme Advisory Office (See page 12 for contact details).
– If you do want to make any changes, they can be done on-line via the registration amendment facility which can be accessed by logging in to the Student Web: https://studentweb.nuim.ie
– Please try and avoid making changes to your subjects at the last minute without previously attending the lectures of the relevant subject you are moving to.

Please Remember:

Subjects are taught from day one of the commencement of lectures, so the later you leave it to firm up your choices, the more of a subject you may miss.
