	(DD/MM/YY)	/_	rering same)	Civil Partn		No.		

If you need further information on any point, please call your local Revenue office, the number for which is listed on the attached Helpsheet.

Application for a Tax Credit Certificate

You will need to complete Form 12A to apply for your Tax Credit Certificate if you are starting your first employment in the State.

What is a Tax Credit Certificate?

A Tax Credit Certificate is a notice which issues to you that shows your tax credits and rate bands.

How do I apply for my Tax Credit Certificate?

Complete the appropriate sections on Form 12A. Your claim will be processed promptly if you quote your Personal Public Service (PPS) Number, your Employer's or Pension Company's PAYE Registration Number, and you complete all relevant sections of the form. Send the completed form to your local Revenue office or call in person with the completed form. Both you and your employer will be notified of your tax credits and ratebands. Your employer will then make the necessary Tax and Universal Social Charge (USC) deductions from your salary.

For further information see Leaflet IT1 - Tax Credits, Reliefs and Rates.

How do I obtain my Personal Public Service Number (PPS Number)?

Personal Public Service (PPS) numbers are allocated by the Department of Social Protection. If you do not have a PPS number, you must register with a Dept. of Social Protection local office **before** you apply for your Tax Credit Certificate.

Leaflet SW100 - Personal Public Service Number, issued by the Department of Social Protection gives further information on how to register for your PPS No. The leaflet is available from your local Dept. of Social Protection office or at **www.welfare.ie**.

General Information for individuals coming to live in Ireland.

Residence status and Domicile influence the extent to which you are liable to tax in Ireland and your entitlement to tax credits. It is important to tell your local Revenue office what your intentions are with regard to residing in Ireland.

Irish nationals returning to work in Ireland and nationals from other countries coming to work in Ireland, must answer the residence questions on Form 12A. In the Residence Details section, state if you have moved or returned to live here on a permanent or temporary basis. If you are living here for a temporary period or for temporary holiday work, state the expected duration of your stay. This information will assist your local Revenue office in determining your tax credit entitlements.

For further information see Leaflet **RES 1** at **www.revenue.ie**, which is a guide for individuals (a) going to live and/or work abroad, or (b) coming to live and/or work in the State.

What is Emergency Basis?

If your employer does not hold a Tax Credit Certificate for you, tax and USC will be deducted on the Emergency Basis.

For further information, see Revenue's guide to Emergency Basis and Universal Social Charge FAQ's at www.revenue.ie.

It is very important that you obtain your Tax Credit Certificate as quickly as possible to avoid Emergency Tax and/or Emergency USC deductions.

PAYE Anytime

PAYE Anytime is a secure internet service that allows you to conduct business with Revenue electronically 365 days a year. It is the quickest and easiest way to keep your tax affairs up to date. Once you receive your Tax Credit Certificate you can register for **PAYE Anytime**.
